## LOCAL AND GENERAL NEWS BRIEFS.

It is now the Hon. A. M. Peery.

Flower, Democrat, has 43,000 majority for Governor of New York.

Mr. Alex. St. Clair's export cattle averaged in weight this year 1470 pounds.

Over \$1,000 has been secured to ward the building of a Christian church at Graham.

The Alliance went into politics too soon and sacrificed one of the best men in the county.

Some men for whom Oscar Moore had heretofore gone his length forgot him on election day.

Mr. T. D. Wells' little daughter has been very ill. She was taken suddenly while on a visit with her parents to West Va.

In a skirmish Tuesday night, special policeman Wm. Barnett shot Dave Bandy, colored, in the leg. The wound is slight.

Miss Nannie George, of Princeton, very well known here, was married the week before last, to Mr. A. L. Burks, of Roanoke.

Anyone wishing a thoroughbred shorthorn cow should apply at once to Mr. B. E. Watson, at Pulaski City, in order to secure it at a remarkably low price.

It is expected to have the plant of the Graham creamery in operation early in the spring. The neighboring farmers expect to supply milk from about 500 cows.

Mr. R. C. Chapman left for New York, Sunday, to purchase stock for the holiday trade. Mr. I. C. Dodd also went for the same purpose for his Bluefield store.

The creamery at Pisgah, near Dr. Witten's, is assured. Work has already commenced on the buildings and the neighborhood is preparing to furnish the necessary milk.

Wayman Sutton, who was released from the Wythe county jail the day before he was to be hung, was brought back the other day from the State of Washington.

Messrs. Emmonson & Co., of Pocahontas, offer a reward of \$50 for a stolen, black mule and the arrest of the thief. The mule was stolen from pasture at the head of Abbs Valley.

The hunting party that spent last week in Poor Valley were not fortunate enough to get a deer or bear but had to be content with a quantity of smaller game. They will perhaps repeat the effort later.

Chas. Buffalo, who had been found guilty of the murder of Natrass, at Pocahontas, and whose case had been sent back to the County Court for a new trial, applied at this term of court for bail, which was allowed under \$3,000 bond.

For the cure of headache, constipation, stomach and liver troubles, and all derangements of the digestive and assimilative organs, Ayer's Pills are invaluable. Being sugar coated, they are pleasant to take, always reliable, and retain their virtues in any climate.

A more orderly day at the polls than last Tuesday has not been known at this precinct for many years. This good order was due largely to the absence, in a great measure, of the usual flood of mean whisky. The night following how ever, was made rather noisy.

"One touch of Nature makes the whole world kin." Diseases common to the race compel the search for common remedy. It is found in Ayer's Sarsaparilla, the reputation of which is world wide, having largely superseded every other blood medicine in use.

Money was plentiful on election day. Thousands of dollars must have been used in purchasing votes and the traffic seems to grow with each year. Some gentlemen estimate that of 570 voters at this precinct alone, 300 are purchasable, and they come high, too. Would it not be a good plan for both parties to close the barrel next time, or some time, and let the buzzards work for a living?

It is said that there is not a one or two dollar note in the Treasury at Washington or in the National banks, all having been sent to Ohio for McKinley's use on election day. The regular price of votes in Ohio is two dollars. In this section of Virginia so small a sum would be scorned.

When Baby was sick, we gave her Castoria.  
When she was a Child, she cried for Castoria.  
When she became Miss, she clung to Castoria.  
When she had Children, she gave them Castoria.

Mr. A. A. Spotts, one of Tazewell's oldest citizens, died at his home at Graham on Sunday last and was buried at the Citizen's Cemetery here on Monday. Mr. Spotts had been a prominent business man here before the war and was upwards of 80 years of age. He was prominent in church and Sunday School work to within a few months of his death. He left a widow, but no children.

An old woman by the name of Harless was killed by the train near Doran on Monday. Mr. Rees T. Bowen, Jr., who saw the accident, says that she was walking along by the track as the train was coming up behind her and instead of stepping farther away she stepped on to the track just as the engine reached her. It was the mail train running fast, and the engineer could do nothing. She was thrown some distance and death was instantaneous.

THE TYLER DESK CO., of St. Louis, Mo., is said to be the largest concern of the kind on earth. They manufacture the celebrated Tyler System of Portable Bank Counters that are unequalled in style, cost and finish; also 200 styles of Tyler's Royal Office Desks, Typewriter Cabinets and office furniture generally. Send for their mammoth catalogue illustrated in colors; the only work of the kind ever printed. Books free; postage 15 cents. See advertisement in today's paper.

The Virginia World's Fair Association will hold a meeting in the city of Norfolk on the 24th instant, looking to the matter of a State exhibit at Chicago in '93. It will be remembered that the Pulaski convention adjourned to meet again in Norfolk. This is one of the most important matters now before the people of Virginia. A good exhibit of mine, field, forest and manufactures would do us untold good, while a failure to be represented there would do infinite harm. Tazewell county had a good delegation at Pulaski and it is hoped it will be in attendance at Norfolk. We would be glad also to see the press of the State there.

## SMALL

Are many of the count-down—least microbes which in deadly—test the earth. Their destruction is great, as they destroy life in thousands of human beings annually. The only limitation to their devastation is food to feed on. They produce countless diseases—as malaria, scrofula, eczema, cancer, contagious blood poison, etc., etc. The remedy for this small but numerous and destructive foe, is to expel them from the body by the use of Swift's Specific. S. S. S. will force them out completely, and force out also the poison left behind. Be sure to get the genuine. Do not let any one put off on you a substitute or imitation. Send for our book on the blood and skin.

### THE STATE.

In the Legislature there will be 38 democratic Senators out of 40, and about 80 members of the House of Delegates out of 100. The other 20 will be divided between the republicans and farmers alliance.

### OTHER STATES.

#### MISSISSIPPI.

The election in this State was held for three railroad commissioners, the entire Legislature and district attorneys. The general Legislature will be overwhelmingly Democratic, with most of the members pledged for the return of Messrs. George and Walthall to the United States Senate.

#### IOWA.

A Tribune (Rep.) special from Des Moines, Iowa, says that Boies (Dem.) for Governor, is elected by about 2,500 majority. The complexion of the next Legislature is not known as the returns come in slowly.

#### NEW YORK.

The complexion of the Legislature, according to latest returns, is as follows: Senate, Republicans 15, Democrats 17; Assembly, Republicans 66, Democrats 62.

#### MASSACHUSETTS.

Russell, it is estimated, has received 156,000 and Allen 151,000 votes, leaving the Democratic Governor a plurality of about 5,000.

#### OHIO.

The Enquirer says McKinley's majority is 18,000 to 20,000. The House is 62 Republicans, 42 Democrats; Senate, 17 Republicans, 14 Democrats.

#### COLORADO.

Denver, Col., Nov. 4.—Chairman Coe, of the Republican county central committee, claims the election of the entire ticket by 25,000.

#### GOV. CAMPBELL TALKS.

"I do not accept this as a triumph of the tariff position of the Republicans. Far from it." When asked what he attributed his defeat to, the Governor said that among other causes was the lack of funds in the hands of the State committees to carry on the legitimate work of the campaign, and the silver plank, doubtless lost the party many votes.

#### MARYLAND.

The plurality of the State Democratic ticket is over 15,000. The Legislature will be overwhelmingly Democratic. In the last Senate there were eighteen Democrats and eight Republicans, and in the House fifty-nine Democrats and

thirty-two Republicans. In the next Senate there will be four and perhaps five Republicans, and in the House about twelve, giving the Democrats a majority on joint ballot of eighty-five.

### MR. CLEVELAND ON THE RESULT.

New York, Nov. 4.—Ex-President Cleveland was seen at his residence in Madison avenue today and gave his opinion of the result of Tuesday's election as follows:

"Of course every one has a right to put his own construction upon the result, and I am not anxious to obtrude my ideas, but it seems to me some things ought to be no longer doubtful. Any man who still thinks that tariff reform is a settled and obsolete issue, or that the importance of sound and safe money is a question upon which people can be blinded, is either willfully wrong or dangerously dull. It seems to me, too, that the Democrats ought to be satisfied that the staunch adherence to the principles of their party does not require the abuse of those who have an inclination to help us.

"I very much regret the defeat of Gov. Campbell. He has been a brave and honest official. This and the splendid canvass he made entitled him to success. While the election of Flower, Russell and Boise ought to cause the utmost rejoicing among Democrats, they should not forget that with these things comes the obligation to be true to the people, to be honest in advocacy of our principles and decent in all things."

### MARRIAGE IN DICKINSON.

The youngest marriage on record in this county was celebrated a day or two since. The contracting parties were John Wright, aged 16, and Nickatie Mullins, aged 13. From their diminutive stature one is brought to realize that old Gulliver might not have been lying altogether about the inhabitants of Lilliput. The marriage took place at the bride's father's, Clerk Phipps officiating. This wedding has created something of a sensation in this community on account of the parties being so young and withal so very small.
